## Optimization

### XML Sitemap

Missing

Your website does not have an XML sitemap - this can be problematic.

A sitemap lists URLs that are available for crawling and can include additional information like your site's latest updates, frequency of changes and importance of the URLs. This allows search engines to crawl the site more intelligently.

### Robots.txt

<http://studiopirro.it/robots.txt>

Great, your website has a robots.txt file.

### Analytics

Great, your website has an analytics tool.

Google Analytics
